

Skipper Application

Rolf Spiess

My first steps on a sailing yacht was with six years on Lake Constance.

With 22 years I joined a crew for the first time as a navigator to transfer a schooner (17m) from Cannes to Guadeloupe (France).

After this two month trip I worked as deck-hand on Luxury Motoryacht (33m) travelling almost all of the Windward Islands.

Since then I experienced other sailing areas and if not skippering, I tried to get on board where ever water was, like in Chile or South Africa.

In **2009** I completed my skills with the Short Range Certificate (SRC) and in **2011** the German Yachtmaster „Sportseeschifferschein“ (SSS).

After that I was member of a crew transferring a 50ft-Silingyacht from Boulogne-sur-Mer to Tenerife (Skipperteam Hamburg).

Worked one summer season as skipper for a German Travel Agency in Greece (**2014**) on a Beneteau First 45f5.

I still have my own little boat, a Neptun27 at Lake Constance.

immediately available for transfers

about 10.000 nm
